

# Office Service

There are now more reasons than ever to choose Amazon Springs for your office refreshments. Our convenient, free delivery and superior service as well as our extensive product line will exceed your expectations.

## Water Coolers

From icy cold to quench your thirst to instant hot water for that quick cup of coffee, tea or soup, an Amazon Springs water cooler is like having an oasis of refreshment right in your office. We offer various models in water coolers for rent or purchase.

Want to see a different and a more cost effective way to provide your office with clean and safe water? Ask about of point-of-use water cooler (plumbed in to your cold water line). This eliminates bottle storage issues and can reduce the cost of bottled water.

## Bottled Water

We deliver the best in bottled water - Pure (reverse osmosis), Spring or Distilled. The bottom line is the good taste and what is best for your overall health (no harsh chemicals).

## Coffee Ready

With our office coffee service, we have everything you need to make a fantastic cup of coffee, tea or hot chocolate.

How valuable is your time? If you or your employees are still making the daily pilgrimage to the store or donut shop for your coffee (or tea) or your staff regularly picks up your office refreshment supplies, we have one question...why? Amazon Springs will deliver exactly what you want. Your office can enjoy a whole pot of coffee for about the cost of one cup at the convenience store (or donut shop).

What is your preference for refreshments? Whether it is coffee, tea or juice for a few or a few hundred, Amazon Springs have a complete line of products to suit your needs. Call us today and we'll design a complete beverage program just for your office and your particular needs. We offer a selection for every taste.
